## HOW PLANNING HELP OAK TYRES TO MOTOR AHEAD

Manchester based planning specialists HOW Planning have secured planning permission for a new motorists' centre on Warrington Road, Prescot on behalf of specialist tyre company, Oak Tyres.

The new development is set to transform what is currently a vacant brownfield site, which has been empty for several years following the closure and demolition of a petrol filling station. HOW Planning has secured full planning

permission for a new tyre-fitting and MOT centre which is set to further enhance Oak Tyre's retail portfolio in the Merseyside area.

Says Conor Vallely, Planner at HOW Planning: "We are delighted to have secured this permission on behalf of Oak Tyres which will not only create a number of new jobs for the local community but will significantly enhance the vehicle servicing offer in the Prescot area".

A detailed planning application was submitted to Knowsley Council in February of this year following a consultation exercise with neighbouring residents and occupiers.
