PRESS RELEASE

March 2009

Major Regeneration Scheme Given The Go-Ahead

Project: Park Green
Client: Infinity Number Two Ltd. and PH Property Holdings
Location: Macclesfield

A total of four planning applications for an extensive regeneration scheme in the Park Green area of Macclesfield have been granted a resolution to be approved by Macclesfield Borough Council's Planning Committee. Acting on behalf of two separate clients, Manchester based specialists HOW Planning have advised on all four applications which are now subject to negotiations on two section 106 agreements.

Acting on behalf of Infinity Number Two Ltd, HOW made three applications for the conversion of the Grade II listed Georgian Mill and the replacement of the Georgian Mill extension and neighbouring Waterside Mill for high quality office developments.

A Conservation Area Consent Application was also submitted for the demolition of the 1970s extension at Georgian Mill and Waterside Mill, along with a Listed Building Application for internal and external alterations to the Grade II listed building, which are required as part of

the office conversion.

A final application was been made on behalf of PH Property Holdings for a mixed use development combining office and residential accommodation. The go-ahead has now been given for Park Green Mill to be demolished and replaced with a 3 storey building, which will accommodate 31 residential apartments along with 227 sq m of office space.

Says Jon Suckley, Principal at HOW Planning: "We are delighted with the outcome of these applications. The planning process has been fairly complex, but the combined developments will create a major regeneration scheme. Our clients aim to maximise the opportunity presented by the redundant mills but at the same time they are committed to contributing to the character of the Park Green conservation area."
